WORK EXPERIENCE

Frontend Developer
Booth & Partners Philippines Inc - Makati City
November 2021 – Present
Working as a front-end developer in a customer portal and support team of an Australian telco company. Continuously test and fix existing bugs and make sure to deploy the desired output within the timeline.

Senior Software Engineer
Yondu Inc, BGC Makati City
October 2020 – November 2021
Working as a front-end developer in ecommerce app and content management systems through agile scrum. Creates and implements reusable components for more effective and faster development for the team depending on the requirements of the client.

IT Programmer
Fast Services Corporation, Alabang Muntinlupa City
May 2012 – October 2020
Worked closely with software development and testing team members to design and develop robust solutions to meet client requirements for functionality, scalability and performance.
Built, tested and deployed scalable, highly available and modular software products. Built databases and table structures. Modified existing software to correct errors, adapt to new hardware and improve performance. Maintained existing applications and designed and delivered new applications.

Computer Technician
Enigma Technologies Inc. Sta. Rosa, Laguna
January 2010 – February 2011
Assembles, configure and troubleshoot computers both laptop and desktop. Network cabling and CCTV installation.

EDUCATION

BACHELOR OF SCIENCE IN COMPUTER ENGINEERING
COLEGIO DE SAN JUAN DE LETRAN - CALAMBA
2004 - 2009
